## Form CRS

### Introduction

Poinciana Advisors Group, LLC (“PAG”) is registered with the Securities and Exchange Commission as an investment advisor. Fees for brokerage and investment advisory services differ among broker-dealers and investment advisors and it is important you understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisors, and investing.

### What investment services and advice can you provide me?

We offer wealth management services to retail investors, which include financial planning and portfolio management services. We provide periodic advice and reviews regarding your investment goals and objectives, personal balance sheet, tax planning, risk management, retirement, education, cash flow and investment planning. In our portfolio management services, we will continuously monitor your investment accounts over which you provide us with such authority and provide advice. In your investment advisory agreement with us, you give us discretion to determine the investments to buy and sell on your behalf and the authority to select other investment advisers on your behalf, which means we will make the ultimate decision regarding the investments purchased and sold in your account. You may impose reasonable restrictions on our discretionary authority which must be provided to us in writing. We require a minimum initial and ongoing account size for portfolio management services.

Our investment advice is not limited to certain products or types of investments; however, we generally recommend highly diversified portfolios of stocks, bonds and alternatives using mutual funds, exchange traded funds, closed-end interval funds and/or individual stocks and bonds, as appropriate.

We will discuss the following questions with you to help you better understand the relationship you will have with our firm:

*Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Please refer to our [Form ADV, Part 2A, Brochure](#) which is located at <https://adviserinfo.sec.gov/firm/summary/137423> for more detailed information on our services.

### What fees will I pay?

We charge fees for our advisory services and those fees vary among the different types of services we offer. We charge a percentage of assets under management for portfolio management services which are assessed on a quarterly basis, in advance. You should be aware that the more assets there are in your account, the more you will pay in fees. This means we have an incentive to encourage you to increase the assets in your account.

In addition to our fees, you may incur additional fees and costs related to the investments in your account, such as custodian fees, account maintenance fees, transaction costs, surrender charges, wire transfer and electronic fund fees, internal management fees of mutual funds and variable annuities, and other product related fees such as redemption fees.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. You should carefully review our [Form ADV, Part 2A, Brochure](#) which is located at <https://adviserinfo.sec.gov/firm/summary/137423> to understand the fees and costs you will pay to us.**

We will discuss the following question with you to help you better understand the impact of fees and costs on investments: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?"*

## **What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment advisor, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

- We recommend mutual funds whose investment companies provide us with educational information and software that provides information helpful in our investment advice process. This is a conflict because we have an incentive to recommend mutual funds that provide us with these tools.
- Members and associated persons of PAG are also owners or employees in the accounting firm Ellrich, Neal, Smith, & Stohlman, P.A. ("ENSS") which recommends PAG to accounting clients in need of advisory services. PAG may recommend ENSS to advisory clients in need of accounting services. We have an incentive to recommend our affiliate to you which is a conflict of interest.
- A Member and owner of PAG has a controlling interest in The Barrons Group, LLC, which is the managing member and sole owner of TBG Capital Management, LLC. TBG Capital Management, LLC is the general partner of TBG Capital Partners, LP, a non-registered private fund available to accredited investors. PAG does not offer or recommend the Fund to investors or potential investors in the Fund. TBG Capital Partners, L.P. charges a management fee and performance-based fee to investors in the Fund. A conflict of interest exists between the PAG Member, who derives indirect economic benefits from The Barrons Group, LLC and PAG clients' who subscribe to the Fund. The Fund is no longer open to new investors.
- PAG will compensate shareholders, employees and third-party solicitors for client referrals. While this does not result in any increased costs to the client, it creates a conflict of interest because paid referrers are financially incentivized to recommend clients to PAG.

We will discuss the following question with you to help you better understand the conflicts of interest we have: *How might your conflicts of interest affect me, and how will you address them?*

## **How do your financial professionals make money?**

Our financial professionals receive a salary and percentage of quarterly management fees.

**You should carefully review our [Form ADV, Part 2A, Brochure](#) which is located at <https://adviserinfo.sec.gov/firm/summary/137423> for more detailed information about our conflicts of interest.**

## **Do you or your financial professionals have legal or disciplinary history?**

No, please visit **Investor.gov/CRS** for a free and simple search tool to research our firm and your financial professional.

We will discuss the following questions with you to help you better understand our disciplinary history: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

## **Additional Information**

**You can find additional information about our advisory services in our [Form ADV, Part 2A, Brochure](#) which is located at <https://adviserinfo.sec.gov/firm/summary/137423> and may request an up-to-date information and a copy of our Relationship Summary by contacting us at (561) 296-0100.**

We will discuss the following questions with you so that you better understand who to contact with any questions or complaints: *Who is my primary contact person? Is he or she a representative of an investment advisor or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*
